

THESE ARE THE COLLECTIVES WE'VE BEEN WORKING ON!

Tijara Heritage Collective

This 120-bigha agroforestry farm amidst the Aravalli range, might be the breath of fresh air NCR needs. The environment here is perfect for a life less hurried, offering a respite from the frantic pace and smog-filled city.

Rose Valley Collective

Nestled amidst hills and valleys near Thally, Tamil Nadu, this 70+-acre agroforestry haven is centred around sustainable living. The farm life here unfolds as an opportunity to thrive in harmony with nature at every turn.

Tamarind Valley Collective

Sprawling across 90+ acres of rejuvenated, once-overgrazed land, this collective is now home to 52 families who've embraced a life deeply rooted in mindful consumption and sustainability.

Lush Wild Acres

Premium customisable farmsteads just 65 km away from Gurgaon, located in a beautiful location

WHAT DO OUR MEMBERS THINK ABOUT LIVING AT OUR FARM?

"The quest for a simpler life and a healthier life drove us towards the collective. It's rare to find people with common philosophy and goal."

Sandeep & Supriya

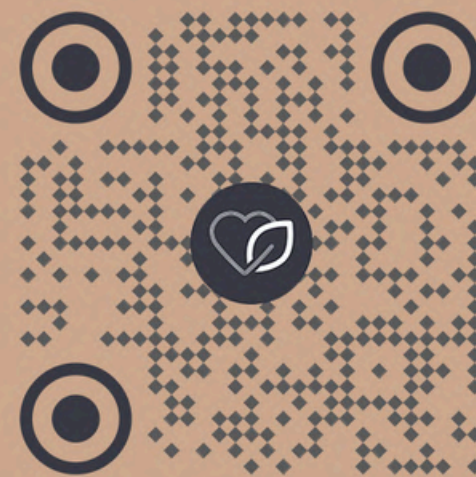

"For us it was not just about money and investment. It was really how to use the money in a way that can give us happiness."

Hitesh & Megha

"Being in a place surrounded by good folks. Living a calmer, simpler and healthier life puts me in a much better headspace."

The Madakkal Ridges

Where community and sustainability thrive together

WHAT'S SPECIAL ABOUT BEING A MEMBER OF OUR COLLECTIVE?

Our collective offers each community member the opportunity to experience farm life and connect with nature every day.

Live on a 70+-acre farm located just 65 km from Bengaluru.

Enjoy a lifetime supply of natural farm produce and products.

Savour farm-to-table meals prepared with veggies grown at our farm.

Forge meaningful bonds with a community that supports your sustainable goals.

Work with us to custom-design your cosy, nature-friendly home.

MORE ON THE MADAKKAL RIDGES

The collective is being created as a mix of agroforestry, food forest, and sustainable housing.

It's located just 65 km from Bengaluru.

40+ members will own 1 or 1.5 acres of land each, including an earth-friendly house that can be custom-designed to suit their needs.

We manage the farming operations for 25 years on a profit-sharing model.

Other facilities include solar units, a community centre and kitchen, guest and staff houses, poultry, dairy, roads, lakes, and water management, amongst many others.
